

Curriculum Vitae

Dr. rer. med. Dipl.-Kfm. Florian Fuhrmann, M.A.

Florian Fuhrmann started his university education at the University of Erlangen-Nuremberg. As a DAAD-scholar, he finished his master studies in economics at the Wayne State University, MI. Two years later, back in Germany, he gained his business administration degree. While working as a management consultant and during his sabbatical, Florian Fuhrmann wrote his doctoral thesis on process management in hospitals.

Florian Fuhrmann has now worked in the healthcare market for seven years, mostly in the field of managed care and pharmaceuticals. Amongst others, he worked for an international pharmaceutical company in South Africa and a health insurance fund that owns several hospitals. Currently, Florian Fuhrmann works for an international ehealth company, as Head of the Business Area Payors and Providers.

With his wife and daughter, he lives in Stuttgart and Koblenz, Germany.
