

Peter Morgan, BA, B.Ed.

Peter Morgan is the CIO for the Agency for Integrated Care, the recently created Ministry of Health operating agency responsible for referral and care coordination for elderly Singaporeans. He is also Program Director, Community and Integrated Care for MOH Holdings. MOH Holdings is an operating body of the Ministry of Health, and is responsible for Singapore's national IT strategy.

Prior to coming to Singapore, Peter was Vice-President, Business Development for McKesson UK. McKesson is the largest healthcare IT services company in the world. Peter was responsible for developing new business using the Electronic Staff Record (ESR) project for the NHS. ESR is the world's largest HR/Payroll database. He also led the assessment of clinical and business intelligence systems' opportunities in the UK and Europe.

Other healthcare IT work includes co-writing a telehealth sustainability study for the Alaska Federal Health Care Access Network, having operational responsibility for telehealth networks in Canada, and being a consultant to Health Canada.

His previous work experiences includes managing primary education projects, on behalf of the Canadian International Development Agency (CIDA), with the Chinese Ministry of Education, in isolated parts of China, and working with North American telephone companies on internet telephony projects.

He has a BA in Political Science from McGill University and a B.Ed. from Queens University.
